- Masterclass commences and you learn about cocktails, tools of the trade, bar skills and facts about liquor (plus any questions you may have!)
- You then all have a chance to make your second cocktail and drink the result!
- Depending on time and group, you may be able to make your third cocktail or we will make the final cocktail.

If you require dinner in the main restaurant, tables need to be booked prior to the masterclass, to ensure we can get you a table.

Start times vary according to day of the week.

We also require a £5pp deposit to secure the booking.
